Lindsey,
Any of these traditional cross-streets would still be available this year. They range in price from around \$1300 ea. to \$3000 ea. plus shipping depending on the size and type. I will tell you that the Single Drape w/Bow Wreath (like the photo on the screenshot) type is by far the best seller and the most popular. Just let me know. Thanks so much.

Hi Jimmy,
Can you send over a list of some of these cross-street designs that we can get before this Christmas still? Because I go back to the board on Sept 14, and I want to be sure I am bringing them a list of items they could still get for this Christmas.

Thanks!

Product Details

The folding chairs are ideal for gathering, parties, home, offices, churches, schools, picnic. They won't get moldy for heavy-duty plastic material and metal material with powder coating. The chairs could allow 350 lbs. capacity with upgrade on tube and metal thickness. Plastic chairs are lightweight, so we could move them effortlessly.

Zimtown White Plastic Folding Chairs

The Zimtown Set of 5 White Plastic Folding Charis are great for outdoor and indoor parties and get together. They are very strong, but lite weight, and they clean easily with soap and water if needed. Great price for today's rising cost of plastic chairs. They are also easy to store together.

Horrible chairs...

Very poor quality, I purchased for my events space and have at less ten of these chairs to broke on the bottom. The legs on chairs bin end when clients sat down. They are not heavy-duty steel as stated. I brought forty of these chairs and I am very disappointed. Poor Poor quality!!!

**Arrived fast and were well packaged**

During hurricane Ian we lost all of the contents in our garage (including 2 vehicles). We lost our folding chairs. In the months since we have been replacing items. With a party coming up we needed some extra seating and ordered these chairs. They arrived quickly and were well packaged. They stack against each other in a way that doesn't take up much room. The chairs are sturdy and comfortable. I wouldn't hesitate to buy again. Be aware that the picture shows a small round table... it is not included.

**Chairs are exactly as described.**

I bought these chairs so I would have a little extra extra seating for the holidays. I bought some cushions to put on top and they blended perfectly with my decor. The chairs are very sturdy and I'm sure I will be using them for many years.

**The following is what I, Wayne Robbins presented to the board members of the Greater La Vernia Chamber of Commerce at a past board meeting.**

To whom it may concern

The La Vernia Market Days has been operating in the City of La Vernia since 2020. We have been a member of the Chamber since we started the market. The market is going strong and in my view has been very successful. My wife and I started the market as a means of raising money to help support a children's home as well as help with other benevolent needs. You can read more about that on our website LaVerniaMarketDays.com.

The La Vernia Market Days takes place at the City Park on the 2nd and 4th Saturday of the month. In the last few years, we have had well over 500 different vendors set up at the market. Many of the vendors are coming from out of town. They will eat, get gas, and do other business in La Vernia. Most people I think would be surprised at how many local vendors we have with an amazing amount of talent. Many of our local people have a dream of having a permanent building. Some of them have already gone on to establish permanent businesses. It is a blessing to see this process.

The market also brings in hundreds of customers. It has been my experience from talking to the customers that many of them are from out of town. They heard about the market due to my advertising and wanted to come over and visit the market. We are truly a business that is bringing people into the town. I'm guessing that some of these customers will then do other business in La Vernia such as visiting the boutiques, eating, getting gas Etc.

I work very hard to promote the market. I want the market to be seen as something great for the City of La Vernia. There are many ways in which the market could be improved. I'm always looking to advertise for and promote the market so that more people know about this great opportunity to shop local. If the City allowed for it, I would love to see some improvements made to the City Park. The market would benefit from more strategically placed shaded areas at the park, more picnic tables for people to sit and eat at, and improvements to the restroom. Visitors to the park would benefit from these improvements year-round.

I believe that each year money has come in from the County that is used to make improvements in the City of La Vernia. I am humbly requesting to be added to the list so that La Vernia Market Days can be considered when it comes time to use the money. Thanks

**It now appears that we have a good chance of receiving \$5,000.00 for improvements to the City Park. Now for the Chamber board to approve this, they first need to know if the City Council well approve the improvements to the park that have been requested. The main request of the La Vernia Market Days is more shaded areas at the park that would be strategically placed to benefit the La Vernia Market Days.**

All material needed for this structure will be \$4,000.00 from OBR metal buildings. That includes the metal, the poles, the bolts, and everything needed for assembly. If we were able to receive the \$5,000.00 from the Greater La Vernia Chamber of Commerce, that would leave \$1,000.00 to pay workers to properly put this together. I have already talked to a local contractor who has the manpower to get this structure properly assembled. The \$4000.00 structure seen in the diagram is 50 foot long and I would prefer for it to be 60 foot long. That would cost another \$800. I would also ask if I was able to provide the extra \$800.00 could the 60-foot-long structure be approved. I have already measured a spot close to the splash pad, between where the splash pad and the restrooms are. This structure would fit without any interference to other activities that go on at the park.

To get a shade cover like what is already at the park the starting price is \$8,900.00 and that only gets us an 18x18 shade cover.

I see the metal structure being far superior because it provides true shade. It is nice looking, much more cost effective, and it will last for a long time.

We used this type of shade cover at the old La Vernia Market Days location and it made a huge difference for the vendors. I believe that this will allow more vendors at each market who need to have their products under a shade. The 10 by 10 canopies that most vendors use are not adequate for blocking out the sun properly. This type of shade cover reduces the temperature and allows them to display their products.

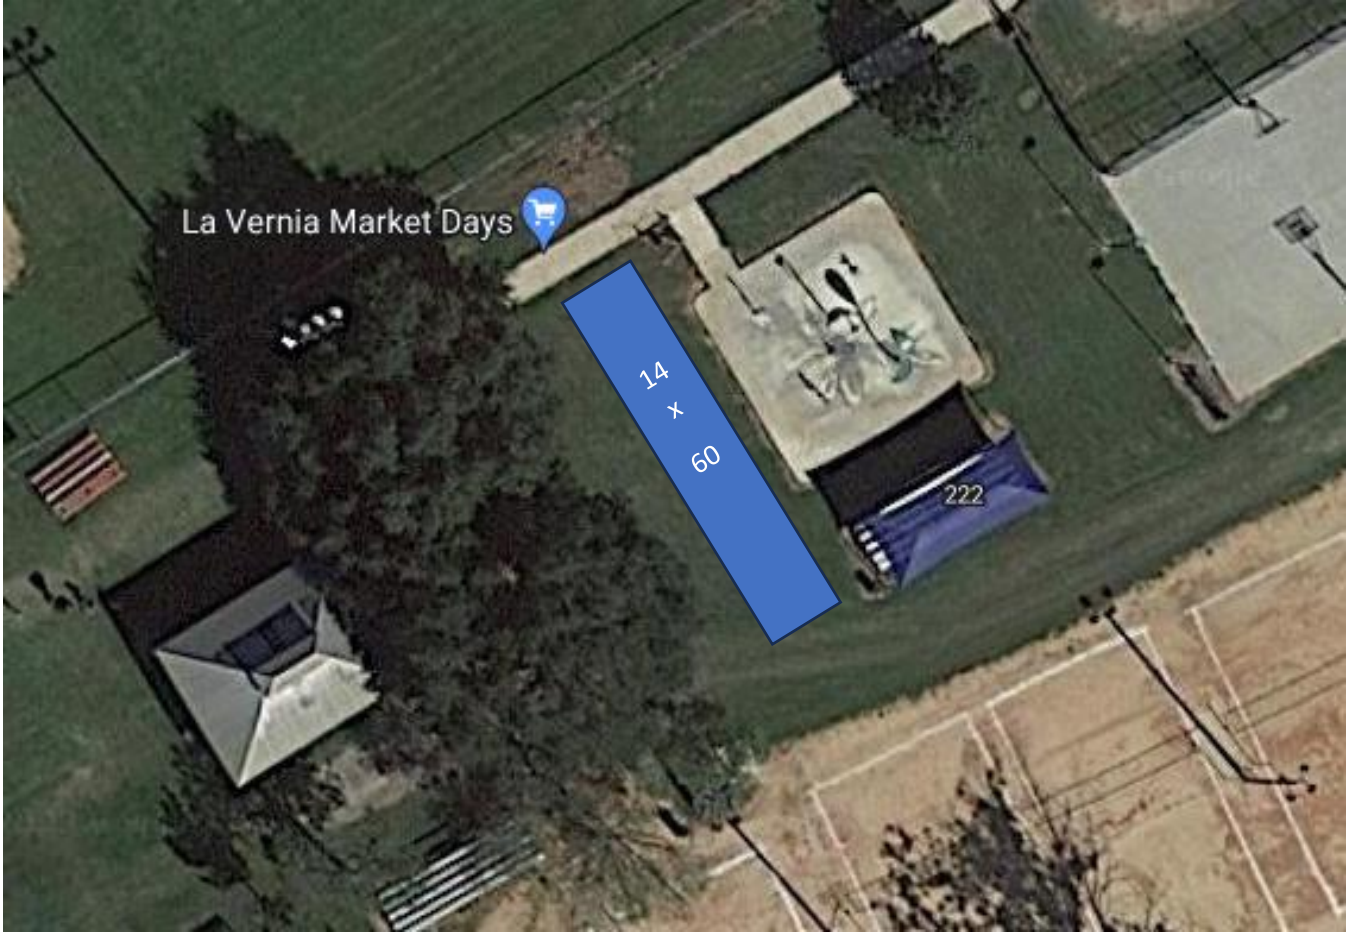

The La Vernia Market Days would use this structure each time we had a market in the park. That would leave this structure free for the public to use or the City Park to use as they see fit. I believe this would be a great addition to the City Park as there is no doubt that more shaded areas are needed in the City Park.

I would also recommend something mounted somewhere on this structure that gave credit to those who made the structure possible.

Thanks

Wayne Robbins

The following is pics from OBR in Wilson County that is similar to the structure we are requesting.
