6:30 p.m.

AGENDA

The City of La Vernia will be hosting a Town Hall Meeting on Thursday, June 26, 2014 at 6:30 p.m. The Town Hall Meeting will take place at La Vernia City Hall, 102 E. Chihuahua Street, La Vernia, TX. The purpose of this Town Hall Meeting is to collect information regarding a drainage and transportation study to be conducted by M & S Engineering. We would like to get input from land owners regarding their thoughts and experiences with both of these topics within the corporate City limits as well as the extra territorial jurisdiction (ETJ). The objective of the master planning effort is to provide La Vernia with a plan that identifies community wide transportation and drainage issues and recommends specific strategies and prioritized projects to meet current needs and future growth related challenges.

The City Council for the City of La Vernia reserves the right to adjourn into executive session at any time during the course of this meeting to discuss any of the matters listed above, as authorized by the Texas Open Meetings Act, Texas Governmental Code §§ 551.071 (Consultation with Attorney), 551.072 (Deliberations about Real Property), 551.073 (Deliberations about Gifts and Donations), 551.074 (Personnel Matters), 551.076 (Deliberation about Security Devices), and 551.086 (Economic Development), and any other provision under Texas law that permits a governmental body to discuss a matter in a closed executive session.

I, the undersigned authority, do hereby certify that the above Notice of Meeting of the governing body of the above named La Vernia City Council is a true and correct copy of said Notice and that I posted a true and correct copy of said Notice on the bulletin boards, of the City Hall of said City of La Vernia, Texas, a place convenient and readily accessible to the general public at all times, and said Notice was posted on June 23, 2014 at 6:30 P.M. and remained so posted continuously for at least 72 hours preceding the scheduled time of said meeting.

Angela Cantu, City Secretary
