

Welcome to the
City of

La Vernia was established by German and Polish settlers in the 1840s and continues to draw an eclectic group of families and businesses to our small country town. We are home to an excellent school system, low cost of living, low crime rate, gorgeous ranch style homes, and dozens of family owned businesses all within our tight knit community. As of 2021, our population sits close to 1,400 and is 5,037 within a 3 mile radius. We are lucky enough to keep growing steadily each year.

THIS PACKET CONTAINS MANY NECESSARY AND INFORMATIVE ITEMS. IF YOU HAVE ANY QUESTIONS PLEASE CONTACT CITY HALL AT **(830)-779-4541**.

WATER SERVICE

Did you know?

The City of La Vernia offers several ways to make your payment. Come in to City Hall between 8:00 a.m. and 5:00 p.m. Monday through Friday. We accept cash, check, or money orders. We accept credit payments through your PayClix account at no charge. We also offer online payments. See your monthly statement for your account number to access our online payment system, PayClix. The City also offers a payment drop box on the side of City Hall (located by the Council Chambers). The box is checked daily at 8:00 a.m.

NOTE: You may pay your bill online through PayClix at

<https://payclix.com/LaVerniaTX>

PayClix is the website used to collect your local water payments and is the fastest and easiest way to keep track of your utility bill. PayClix accepts all major credit cards and eChecks and ACH (Just in Time Payments).

Charges and Payments

Water meters are read on or about the 20th of the month and accounts are updated with new bill amounts on or about the last day of each month. Water payments are due on the 15th of the month. If the 15th falls on a weekend or holiday, the payment is due the following business day. Payments not received by close of business on the 15th of the month will have a late fee added. If the 15th falls in a weekend or holiday, late fees will be added the first business day thereafter.

If payment is not received by 9:00 A.M. on the disconnect day, service will be disconnected. An administrative fee of \$50.00 will be assessed once a resident's water is disconnected. The full amount must be paid before services are reconnected.

If your water meter is tampered with or turned on without the City of La Vernia's knowledge, you will be

subject to pay \$75 for the first offence; \$125 for the second offence and the third offence will result in the meter being removed. A \$200 charge will be added to turn the water back on.

Extension of payment date beyond the date of disconnect of the month may be granted by the City Administrator. Request must be submitted in writing one week before. It will be at the discretion of the City Administrator as to grant or deny the request. There will only be one extension granted within a calendar year.

Any account or person that has two returned checks in a calendar year, for whatever reason, will be placed on a cash only basis. After two years, if payments have been on time, you may request to be taken off cash only. The request must be in writing.

****If you do not receive a bill by mail, it is your responsibility to call or come to City Hall to determine the amount of your bill.****

Did you know?

Flushable wipes in the sewer system can cause problems, instead of dissolving like a toilet paper, they clump together with grease, causing mop like clumps that clog and damage pipe and equipment.

Additional Information

Permits: Should you decide to build, remodel, add to, or do any type of construction to your home or property, we suggest you contact the Permit Department to see if a permit is required before you start. For most permit types, a homeowner doing the work on their homestead can apply for the permit. If you are hiring a contractor, they must apply for the permits and they must also be registered with the City and provide proof of liability insurance.

Code Enforcement: Code Violations are handled through the department. If you see a violation, such as high grass and weeds, contact our office and ask for the Code Enforcement Officer. (830) 779-4541 Ext. 8

Police Department

The La Vernia Police Department is here to serve and protect 24 hours a day. Our police officers are dispatched through Wilson County. If you are in need of non-emergency police assistance, call the Wilson County Sheriff's Office at 830-393-2535. In case of an emergency, call 9-1-1.

ALARM—Alarm permits are required if you have an alarm system installed in your home or business, regardless of being monitored. These permits can be obtained at La Vernia City Hall. There is no fee for an alarm permit.

Animal Services

The City of La Vernia and Wilson County do not have animal control services. The city does recommend keeping your pets safely inside, if possible, during freezes and heat advisories.

City Park

The City Park is located at 221 San Antonio Road and is open to the public. Park hours are from 8:00AM to 10:00PM Sunday-Thursday and 8:00AM to 11:00PM Saturday and Sunday. There are several attractions located in the park including volleyball courts, a basketball court, a splash pad (Hours 10:30am-8:00pm during on season), walking trail, horse shoe pit, playscape, disc golf, Dog Park and picnic tables.

To rent the pavilion or gazebo for a birthday or event, you must reserve the area by calling City Hall at 830-779-4541. Electricity is included in your rental fee. To obtain electricity, you will need to make arrangements with the city prior to the event. There is a \$35 fee to rent the area and a refundable \$50 deposit. Please make the payments into two separate checks. Liability insurance may be applicable with a rental. When filling out the rental form, you must list specifically what activities will be present and what will be served during the event. All trash must be cleaned up before leaving or your deposit will not be returned to you. Pets are allowed but must be on a leash if not in the Dog Park. Animal waste bags are provided in the park and we ask that you please pick up after your pet. Discharging guns, fireworks, firecrackers, air guns, BB guns or bows and arrows are prohibited.

City Events

- La Vernia’s Shop Local Campaign which includes Small Business Saturday and Passport to La Vernia (Saturday after Thanksgiving)

START SAVING WATER AND MONEY TODAY ON OUTSIDE WATERING OF YOUR LANDSCAPE

- Reduce your watering frequency to once every five days. This encourages deeper, more drought- tolerant roots on your turf.
- If it rains an inch or more, wait at least five days to water.
- Mulch trees and plants to retain moisture and prevent evaporation.
- If your sprinkler sprays a fine mist, you're losing a lot of water to evaporation. Try a different sprinkler head or better yet, a drop irrigation system.
- When washing your car, use a cut-off nozzle instead of running the hose continuously. This will save 8 gallons of water per minute.
- When installing a new lawn or planning landscaping, consider using plant and grass varieties that are adapted to your site and require little supplemental water once established.

Mosquito Control

With our year round warm climate, mosquitoes can also be a year round problem. And while we need to remember we share outside spaces with nature, we don't have to embrace a mosquito problem. When it comes to prevention, remember the 3D's –

Drain, Dress and Defend

Drain—Problems can be caused by water filled containers; where mosquitoes breed. Make sure to drain standing water.

Dress—Wear light colors, loose fitting clothing, and when possible, wear long sleeves and pants

Defend—Choose a repellent that has been registered with the Environmental Protection Agency (EPA). These have been reviewed and approved, posing a minimal risk for humans when used as directed.

SERVICE AGREEMENT

- I. **PURPOSE.** The City of La Vernia is responsible for protecting the drinking water supply from contamination or pollution, which could result from improper private water distribution system construction or configuration. The purpose of this service agreement is to notify each customer of the restrictions, which are in place to provide this protection. The utility enforces these restrictions to ensure the public health and welfare. Each customer must sign this agreement before the City of La Vernia will begin service. In addition, when service to an existing connection has been suspended or terminated, the water system will not re-establish service unless it has a signed copy of this agreement.

- II. **RESTRICTIONS.** The following unacceptable practices are prohibited by State regulations.
 - A. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate backflow prevention device.
 - B. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
 - C. No connection, which allows water to be returned to the public drinking water supply, is permitted.
 - D. No pipe or pipe fitting which contains more than 0.25% lead may be used for the installation or repair of plumbing at any connection which provides water for human use.
 - E. No solder or flux which contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection which provides water for human use.

- III. **SERVICE AGREEMENT.** The following are the terms of the service agreement between the City of La Vernia and

_____.

- A. The Water System will maintain a copy of this agreement as long as the Customer and/or the premises is connected to the Water System.

- B. The Customer shall allow his property to be inspected for possible cross-connections and other potential contamination hazards. These inspections shall be conducted by the Water System or its designated agent prior to initiating new water service; when there is reason to believe that cross-connections or other potential contamination hazards exist; or after any major changes to the private water distribution facilities. The inspections shall be conducted during the Water System's normal business hours.

- C. The Water System shall notify the Customer in writing of any cross-connection or other potential contamination hazard, which has been identified during the initial inspection or the periodic reinspection.

- D. The Customer shall immediately remove or adequately isolate any potential cross-connections or other potential contamination hazards on his premises

- E. The Customer shall, at his expense, properly install, test, and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance records shall be provided to the Water System.

III. **ENFORCEMENT.** If the Customer fails to comply with the terms of the Service Agreement, the Water System shall, at its option, either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
